Country Club by Mrs. Greenwood Hartley who was the first president and remained in that office for ten consecutive years. A major achievement of the history was the building of the clubhouse in 1932. The club has a long history of community service which includes Christmas parties for Rochester children, school examinations, Red Cross work during the war years, sponsor of American Field Service, mobile chest x-ray, pre-school story hours, town honor roll and many major public appeals every year.

The Woman's Club started the Raymond C. Hartley Scholarship in memory of a Rochester boy who lost his life in World War II. Sixty-six young people have received scholarships from this program.

Retiring President Mrs. George Church presented the gavel to incoming president Mrs. Phillippe Gaucher who in turn presented Mrs. Church with a gift from the club of a large brass bucket filled with a begonia plant.

A buffet was followed by an enjoyable evening of dancing.

Selectmen's Meeting

SEWER PROGRESS DISCUSSED

Engineer Ron Michalski, of Tighe & Bond, conferred with Selectmen on sewer matters. He said that he has sent a letter to the F.H.A. to see if money can be made available to finance the local costs of tying in to the sewer system. Earlier indications were that the town is eligible for a loan at 5% over a 20 year period. If such a loan can be obtained, it would help in the \$500,000 estimated local cost to tie into the system but the money would not be loaned until the project is complete and the town would have to borrow on a short term basis until the F.H.A. loan is made. To date, he said, nothing more has been

**It's the Best Thing
I've Ever Done
For Myself —
I Feel Great!**

Two years ago I invested \$25 in a six-week program at Gloria Stevens. Never before have I received so much value for so little money. It is one thing to be told of the benefits of the program, but nothing is greater than the experience of reaping those benefits. I have improved my general health, trimmed my figure by two sizes and have become very involved in helping other women to do the same.

I have been working at Gloria Stevens now for a year and a half and I am now the assistant manager of the Wareham Salon. It gives me a great deal of pleasure to see women gain confidence and satisfaction in themselves as they see their figures improve. Although I am over fifty now and a busy housewife and mother of five, my good health, stamina and energy which comes from proper diet and exercise allows me to hold down a full time responsible job.

If you'd like to feel great — give yourself a chance. Come see me at Gloria Stevens.

Friday evening, after a delicious spaghetti dinner, coaches of the Little League Basketball made their presentation. The knock-out tournament champions, the Purples, each received a trophy. They All-Stars also each received a trophy.

said about the loan from the federal authorities but his firm will pursue it vigorously.

The Bay Corporation, Mr. Michalski stated, has been notified by letter that Tighe & Bond is not satisfied with the progress of work being performed on Main Street in front of the Town Hall. He said that the Bay Corporation intends to use a hydraulic crawling box in digging the trench on Main Street but have had various difficulties in getting it into the trench. He said that his firm has not seen successful use of the device on other jobs. He said

that in other phases of the work on the side streets progress has been encouraging and some successful tests have been completed of the pipe now in the ground. Mr. Michalski recommended payment of \$29,313.20 for pumping station work for the period of March through April. He said that the work there is seemingly unimpressive because it involves much digging below water level for the footing which is most difficult work and time consuming. He said that the engineers are satisfied with this work to date.

KINDERCORNER NURSERY OPINION

Mrs. Carolyn Gast appeared to confer with Selectmen regarding their halt to construction of her building of last week pending a legal opinion on its confirmation to town zoning code. Chairman William Hubbard assured Mrs. Gast that two legal opinions had been favorable to the establishment of a school in that area and she was given copies of an opinion by Attorney Phillip N. Beauregard and by Town Counsel, Attorney Donald J. Fleming. The chairman suggested to Mrs. Gast that the builder Bruce Rocha apply to the Planning Board for a subdivision not conforming to the building code.

Later in the session, Mr. Roy W. Lynch of Tallman Street, Mattapoisett appeared before Selectmen to ask that they take the

necessary steps to withdraw and cancel the permit for the building of the nursery school which is intended to be located adjacent to his property to the west and north. In a written statement Mr. Lynch questioned whether a state license had been issued under General Laws Chapter 28A to designate the educational purpose of the building. Mr. Lynch took exception to Town Counsel Donald Fleming's opinion in favor of the nursery school because it will be operated as a commercial enterprise for profit. According to Mr. Lynch's reading of Attorney Fleming's opinion it does not meet the religious, sectarian, denominational or public qualifications of General Laws Chapter 40A under Section 2. Mr. Lynch asked that Attorney Beauregard's opinion be stricken from the record because he has "no standing in the official community of Mattapoisett". Mr. Lynch also said that the location in dispute is located on an unpaved, dead end street unfit for the traffic caused by the delivery and pick-up of a number of pupils.

Sippican Rod & Gun Club

The Sippican Rod and Gun Club will hold its monthly Turkey Shoot on Sunday, May 21, from 1:00 to 4:00 P.M. on the clubhouse grounds at Dexter Lane in Rochester.

Shotgunners will compete from 40 yards with 12, 16 and 20 gauge shotguns. Participants may use their own guns, or ones available at the clubhouse. The Sippican Club will also hold a .22 caliber rifle and pistol shoot, along with their normal shotgun event. Because of its popularity, a pheasant shoot will also be held.

Once again, the club will have a Junior .410 gauge shotgun event. Participants for these shoots must be under 16 years of age. Women are also invited to participate in all shoots. If there is enough participation, the club plans to hold "women only" shoots.

The clubhouse will be open and refreshments will be available. Those interested in becoming a member may obtain applica-

The children of the Mattapoisett Church School will be busy decorating wagons, carts, buggies for their Box Project Traveling Bake Sale to be held this Saturday morning.

Children will meet at the Parish Hall of the Mattapoisett Congregational Church at 9 A.M. to decorate and fill their wagons. You'll hear the ringing of bells and smell the aroma of freshly baked cookies, cake, bread, etc. as the children push their wagons filled with goodies up and down the streets of town.

It seems ridiculous to us now, but in the 19th century it was considered the proper thing to eat ice cream with a fork.

Aerial Spray

The beautiful spring weather brings us longer days, warmer air and unfortunately a new crop of mosquitoes. Aerial spraying should be completed during the week of May 15, and the control inspector has been working for several weeks already.

We ask again this year that all complaints be handled through the Selectmen's Office (758-3758), Mattapoisett, so if you could leave your name and address with Mrs. Phila she will forward the information to the inspector. We also would like to remind everyone to inspect their own property for

Special Olympics

Students from the Old Rochester Regional School system have recently been experiencing the excitement and challenge of the Massachusetts Special Olympic events. Twelve special needs students, five from the Sippican Elementary and seven from the Old Rochester Regional Junior High, competed in the floor hockey tournament which took place April 9th at Bridgewater State College. They came home with a second place trophy. Then, on May 7th, after weeks of training and conditioning, they managed to bring home ten first place ribbons, nine second place ribbons and a third place ribbon. Also, the females came in second and the males third in the relay race - a respectable showing for their first year of involvement.

The winners of the regional events will now be eligible for the state meet which will be held at Taunton High School June 16th and 17th. If they win any of the events in the 1979 state meet, they will in turn participate in the International Special Olympics in the summer of 1979. They will travel to the State of New York for that meet.

In addition to the track meets and the

floor hockey tournament, the Massachusetts Special Olympic program also offers swimming meets, bowling tournaments and winter games. These events take place at various locations throughout the state and are scheduled during the appropriate seasons of the year.

What all of this adds up to is a year-round sports program for the handicapped that provides them with the chance to compete with people of their own ability, to perform in front of spectators, to travel and to meet new people and make new friends. The ribbons and trophies are thrilling to compete for, but the excitement in the eyes of a last place runner makes these sports very very special.

"MOSTLY MOZART" AT TABOR

Approximately 75 musicians will join to make this year's "Spring Music Festival" at Tabor Academy a memorable moment. On Friday evening, May 19th, this musical event will hearken back two hundred years to the Salzburg and Vienna that Mozart knew. Under the capable baton of Maestro George Poinar, the Cape Cod Conservatory Strings will perform a Serenade and Sinfonia from Mozart's works. Later the strings will be joined by trumpets, organ and timpani to perform two "Church" Sonatas and a Missa Brevis.

Francis Rowland will be the guest speaker at the May 22nd meeting of the Mattapoisett Seniors Club. "Mattapoisett-100 Years Ago" will be the title of his illustrated talk. You will see faces and scenes which were familiar to Mattapoisett residents around the turn of the century. Plans are being made for guided tours during the summer for seniors who would like to see some of the historic spots in Mattapoisett. The program on May 22 will serve as a good starting point for these trips.

This meeting, at Legion Hall, will also cover club business and will be followed by the usual delicious refreshments. There will be an opportunity at this meeting to buy tickets for the Annual Spring Luncheon.

The annual Spring Luncheon will be held at St. Anthony's Church Hall on Monday, June 26th, at 1:00 P.M. SENIORS' MAY BASKET PARTY

A most successful May Basket Party was held after the May 8th meeting of the Mattapoisett Seniors' Club. Baskets were won by Josephine Perry, Margaret Costa, Florence Bennett, Mary Paiva and Harold Roeder of Mattapoisett. Paula Almeida of New Bedford, "Willie" Augustine of Fairhaven and Richard Hammer of Wolfboro, New Hampshire also were winners. There was a ninth basket made up of odd items, tickets for which were available only at the meeting. Wilhelmina Augustine also won this basket. The baskets have all been claimed and delivered.

Gloria Rounds, chairman of the project, received a standing vote of thanks from the club for a job well done. The money raised has been turned over to the treasurer to be used on club programs.

Good grillmanship begins by knowing how to build an even-burning charcoal fire. Start by stacking the briquets in a pyramid. They'll light faster this way because the air can circulate around the briquets.

* * *

Before you put the food on your charcoal grill, be sure you have a bed of evenly burning coals, point out experts at the Barbecue Industry Association. It will take about 20 to 40 minutes for the coals to burn to the right state. When they're ready, they'll be covered with a layer of grey ash during the daytime and turn a bright red at night.

WORKSHOP ON STRESS REDUCTION

"Stress is recognized as being at the core of many health problems today," Dr. Don Angell, a psychologist and writer, told a group participating in a workshop on Stress Reduction last week at the Marion Center for Human Services. "We all have stress of varying degrees, yet frequently we are not ever aware of how much undesirable anxiety and tension we carry daily," he said. Through lecture, discussion and experiences, Dr. Angell instructed the group in the various relaxation techniques, used to reduce stress, which involved progressive muscle relaxation, meditation, visualization and increasing awareness, and creative problem solving.

Dr. Angell, who holds a Ph D in Rehabilitation Counseling and Clinical Psychology, has worked on human relations and rehabilitation as a professor with the Department of Human Resources at the University of Scranton, Chief of Counseling Services at the Pennsylvania Rehabilitation Center in Johnstown, and as a private consultant to a number of programs.

DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we are looking for.

at the Center. Best in Show honors went to Mike Phenjati of Tabor Academy. Phenjati is a native of Thailand and has been at Tabor for three years. He has a precise graphic technique through which he expresses feeling and motion.

Judges for the show were Margo Volterra and Burt Bigelow. Their comments on Miss Andrews' work were in superlatives. There was "obvious diligence leading to diversified and prolific production" and an overall expression of "underlying mystery and reality of life". Technical competence combined with a lively imagination merited these accolades.

Honorable mention awards went to Mark Oliva's still life, Sheila White's "Turtle Mandala", Katie Gardner's photographs, Lisa MacDonald's photographs, and Jane Duff's "design".

Next year the scholarship committee hopes to see more entrants from Fairhaven, Bourne and Wareham. The majority of the money available for scholarships comes from proceeds from the annual Sidewalk Show and Sale which will be held August 4th and 5th

If a parent tells you to stay home or away from school, it is my advice that you obey your parent; you may still be held to account as a truant if your reason for absence is not acceptable to the school, and penalty assessed for the infraction.

The taxpayers have vanishingly small interest in paying \$1,500 an hour so that students can have a "ski" day; it is not the intention of this Principal to overlook such activities or to suffer others to overlook them.

If attendance is not satisfactory, it is the

intention of the Principal, indeed, his firm promise to request that the examination period and the closing of school both for seniors and underclassmen be put forward to the legal limit permitted by our situation.

SOMETHING NEW IS COOKING

Tobey Hospital Guild will hold an interesting International Food Sale on Friday, May 19, at Fellowship Hall on Gibbs Avenue, Wareham, from 10:00 A.M. to 4:00 P.M. to raise funds for its latest project for Tobey Hospital, the renovation of the outpatient waiting room.

Offered for sale will be food "from soup to nuts", literally. Dishes to satisfy even the most discriminating of gourmets made from recipes of many of the countries of the world will be displayed. Among these will be Portugese "jag", Irish bread, Scotch broth, Italian spaghetti sauce, Greek delicacies, and also Swedish, Danish, Polish and many others. Of course there will be good old Yankee baked beans, Cape Cod chowder, pies, cakes, candy and other goodies.

All 400 members of the Guild are being asked to contribute their favorite concoctions. Area merchants are also contributing some special goodies.

Customers can buy a complete meal at this "take-home-a-supper" event.

Mrs. C. Hammett Cowell is chairman.

house paint**

It's true. Water was once the mortal enemy of house paint. But now a new acrylic formula makes it possible to overcome problems caused by moisture.

Golden Premium 100% Acrylic House Paint resists blistering, peeling and flaking. It loves water because it permits moisture to escape through a breathing film. Can be used in damp and misty weather. Easy clean-up with soap and water. Lasts 50% longer than ordinary paints. Dries to a tough, durable, low sheen. Beautiful non-fading colors make painting a home a matter of choice rather than need.

up" time around households, Postmaster Janet Sherman announced that the week of May 22-27 will be observed as "Mailbox Improvement Week".

Mattapoisett residents are urged to repair, repaint and make other improvements to all mailboxes, particularly to those located along rural, city delivery curb-line and highway

contract routes.

"Customers should be sure their boxes provide adequate protection to the mail and are easily reached by carriers. That helps speed collection and delivery of their mail," Postmaster Sherman said.

The longest winning streak in baseball history occurred between Sept. 7 and Sept. 30, 1916 when the New York National League team won 26 games in a row.

The longest winning streak in football is 47 straight by Oklahoma. The longest unbeaten streak is 63 games, 59 won and 4 tied, by Washington from 1907 to 1917.
